

# International Agreement for Selected IBM SaaS Offerings

This IBM International Agreement for Selected IBM SaaS Offerings ("IASISO") and the applicable Attachments and Transaction Documents ("TDs") are the complete agreement regarding transactions to acquire IBM Software as a Service and other cloud offerings ("Cloud Services") under this IASISO (together, the "Agreement"). Attachments typically contain additional terms that apply to similar types of offerings. TDs, such as the Quote, the applicable Service Descriptions specified in the IBM Software as a Service Terms of Use section of the Quote, and the associated Proof of Entitlement (POE), contain specific details related to an order for a Cloud Service and there may be more than one TD providing the details of an order.

The following terms set forth in the Quote do not apply to Cloud Services and are not part of the Agreement:

- a. the Quotation Terms and Conditions, items 1 through 13, including the country specific modifying terms regarding Customer and Business Partner transactions for such terms;
- b. the sentence at bottom of Quote page(s) of "Final coverage dates for new license, Software Subscription and Support reinstatement, and Software Subscription and Support renewal part numbers will be based upon IBM's acceptance of the order, and as specified in the applicable agreements, irrespective of the dates which may appear in this quote."

Except as specifically set forth above regarding terms in a Quote or POE that do not apply, in the event of a conflict in terms, an Attachment prevails over this IASISO and a TD prevails over both the IASISO and any Attachment.

## Part 1 – Terms

### 1. Cloud Services

- a. A Cloud Service is an IBM branded offering provided by IBM and made available via a network. Each Cloud Service is described in an Attachment or a TD. Cloud Services are designed to be available 24/7, subject to maintenance. Client will be notified of scheduled maintenance. Technical support and service level commitments, if applicable, are specified in an Attachment or TD.
- b. Client accepts an Attachment or TD by ordering, enrolling, using, or making a payment for the Cloud Service. When IBM accepts Client's order, IBM provides Client the authorizations specified in the TD. The term, including any renewal term, for a Cloud Service is described in an Attachment or TD.
- c. IBM will provide the facilities, personnel, equipment, software, and other resources necessary to provide the Cloud Services and generally available user guides and documentation to support Client's use of the Cloud Service. Client will provide hardware, software and connectivity to access and use the Cloud Service, including any required Client-specific URL addresses and associated certificates. An Attachment or TD may have additional Client responsibilities.
- d. Client may access a Cloud Service only to the extent of authorizations acquired by Client. Client is responsible for use of Cloud Services by any user who accesses the Cloud Service with Client's account credentials. A Cloud Service may not be used in any jurisdiction for unlawful, obscene, offensive or fraudulent Content or activity, such as advocating or causing harm, interfering with or violating the integrity or security of a network or system, evading filters, sending unsolicited, abusive, or deceptive messages, viruses or harmful code, or violating third party rights. If there is a complaint or notice of violation, use may be suspended until resolved, and terminated if not resolved promptly. Client may not i) resell direct access to a Cloud Service to a third party outside Client's Enterprise; or ii) combine Cloud Services with Client's value add to create a commercially available Client branded solution for which Client charges a fee.

### 2. Content and Data Protection

- a. Content consists of all data, software, and information that Client or its authorized users provides, authorizes access to, or inputs to the Cloud Service. Use of the Cloud Service will not affect Client's existing ownership or license rights in such Content. IBM and its contractors, and subprocessors may access and use the Content solely for the purpose of providing and managing the Cloud Service, unless otherwise described in a TD.
- b. Client is responsible for obtaining all necessary rights and permissions to enable, and grants such rights and permissions to, IBM, and its contractors and subprocessors to use, provide, store and process Content in the Cloud Service. This includes Client making necessary disclosures and obtaining consent, if required, before providing individuals' information, including personal or other regulated information in such Content. If any Content could be subject to governmental regulation or may require security measures beyond those specified by IBM for an offering, Client will not input, provide, or allow such Content unless specifically permitted in the terms of the relevant TD or unless IBM has otherwise first agreed in writing to implement additional security and other measures. IBM's Data Processing Addendum at <http://ibm.com/dpa> (DPA) and applicable DPA Exhibit(s) apply and supplement the Agreement, if and to the extent the European General Data Protection Regulation (EU/2016/679) (GDPR) applies to personal data contained in Content.
- c. Upon request by either party, IBM, Client or their affiliates will enter into additional agreements as required by law in the prescribed form for the protection of personal or regulated personal data included in Content. The parties agree (and will ensure that their respective affiliates agree) that such additional agreements will be subject to the terms of the Agreement.
- d. IBM will return or remove Content from IBM computing resources upon the expiration or cancellation of the Cloud Service, or earlier upon Client's request. IBM may charge for certain activities performed at Client's request (such as delivering Content in

a specific format). IBM does not archive Content, however some Content may remain in Cloud Service backup files until expiration of such files as governed by IBM's backup retention practices.

- e. Each Cloud Service is designed to protect Content as described in the Agreement. IBM's Data Security and Privacy Principles for IBM Cloud Services (DSP), at <http://www.ibm.com/cloud/data-security>, apply for generally available Cloud Service offerings or as described in the applicable TD. IBM will treat all Content as confidential by not disclosing Content except to IBM employees, contractors, and subprocessors, and only to the extent necessary to deliver the Cloud Service, unless otherwise specified in a TD. Specific security features and functions of a Cloud Service may be provided in an Attachment and TDs. Client is responsible to assess the suitability of each Cloud Service for Client's intended use and Content. By using the Cloud Service, Client acknowledges that it meets Client's requirements and processing instructions.
- f. Client acknowledges that i) IBM may modify the DSP from time to time at IBM's sole discretion and ii) such modifications will supersede prior versions. The intent of any modification to the DSP will be to i) improve or clarify existing commitments, ii) maintain alignment to current adopted standards and applicable laws, or iii) provide additional commitments. No modification to the DSP will materially degrade the security of a Cloud Service.

### 3. Changes

- a. IBM may modify a Cloud Service, without degrading its functionality or security features.
- b. IBM may withdraw a Cloud Service on 12 months' notice, unless otherwise stated in a TD. IBM will continue to provide the Cloud Service for the remainder of Client's unexpired term or work with Client to migrate to another IBM offering.
- c. IBM may modify this IASISO by providing Client at least three months' written notice. Changes are not retroactive; they apply, as of the effective date, only to new orders, ongoing Cloud Services that do not expire, and renewals. For transactions with a defined renewable contract period, Client may request that IBM defer the change effective date until the end of the current contract period. Client accepts changes by placing new orders or continuing use after the change effective date or allowing transactions to renew after receipt of the change notice. Except as provided above, all changes to the Agreement must be in writing accepted by both parties.

### 4. Warranties

- a. IBM warrants that it provides Cloud Services using commercially reasonable care and skill in accordance with the applicable Attachment or TD. The warranty for a Cloud Service ends when the Cloud Service ends.
- b. **IBM does not warrant uninterrupted or error-free operation of a Cloud Service or that IBM will correct all defects or prevent third party disruptions or unauthorized third party access. These warranties are the exclusive warranties from IBM and replace all other warranties, including the implied warranties or conditions of satisfactory quality, merchantability, non-infringement, and fitness for a particular purpose. IBM warranties will not apply if there has been misuse, modification, damage not caused by IBM, failure to comply with instructions provided by IBM, or if otherwise stated in an Attachment or TD. Non-IBM services are sold under the Agreement as-is, without warranties of any kind.**

Third parties may provide their own warranties to Client.

### 5. Charges, Taxes, and Payment

- a. Client agrees to pay all applicable charges specified for a Cloud Service, charges for use in excess of authorizations, and any late payment fees. Charges are exclusive of any customs or other duty, tax, and similar levies imposed by any authority resulting from Client's acquisitions under the Agreement and will be invoiced in addition to such charges. Amounts are due upon receipt of the invoice and payable within 30 days of the invoice date to an account specified by IBM. Prepaid Services must be used within the applicable period. IBM does not give credits or refunds for any prepaid, one-time charges, or other charges already due or paid. IBM may change charges on thirty days' notice or as specified in a TD.
- b. Client agrees to: i) pay withholding tax directly to the appropriate government entity where required by law; ii) furnish a tax certificate evidencing such payment to IBM; iii) pay IBM only the net proceeds after tax; and iv) fully cooperate with IBM in seeking a waiver or reduction of such taxes and promptly complete and file all relevant documents.

### 6. Liability and Indemnity

- a. IBM's entire liability for all claims related to the Agreement will not exceed the amount of any actual direct damages incurred by Client up to the amounts paid (if recurring charges, up to 12 months' charges apply) for the service that is the subject of the claim, regardless of the basis of the claim. IBM will not be liable for special, incidental, exemplary, indirect, or economic consequential damages, or lost profits, business, value, revenue, goodwill, or anticipated savings. These limitations apply collectively to IBM, its affiliates, contractors, subprocessors, and suppliers.
- b. The following amounts are not subject to the above cap: i) third party payments referred to in the paragraph below; and ii) damages that cannot be limited under applicable law.
- c. If a third party asserts a claim against Client that an IBM Service acquired under the Agreement infringes a patent or copyright, IBM will defend Client against that claim and pay amounts finally awarded by a court against Client or included in a settlement approved by IBM, provided that Client promptly (i) notifies IBM in writing of the claim, (ii) supplies information requested by IBM, and (iii) allows IBM to control, and reasonably cooperates in, the defense and settlement, including mitigation efforts.
- d. IBM has no responsibility for claims based on non-IBM products and services, items not provided by IBM, or any violation of law or third party rights caused by Client's Content, materials, designs, or specifications.

## 7. Termination

- a. IBM may suspend, revoke or limit Client's use of a Cloud Service if IBM determines there is a material breach of Client's obligations, a security breach, or violation of law. If the cause of the suspension can reasonably be remedied, IBM will provide notice of the actions Client must take to reinstate the Cloud Service. If Client fails to take such actions within a reasonable time, IBM may terminate the Cloud Service. Failure to pay is a material breach.
- b. Either party may terminate this IASISO: i) without cause on at least one month's notice to the other after expiration or termination of its obligations under the Agreement; or ii) immediately for cause if the other is in material breach of the Agreement, provided the one who is not complying is given notice and reasonable time to comply. Any terms that by their nature extend beyond the Agreement termination remain in effect until fulfilled, and apply to successors and assignees. Termination of this IASISO does not terminate TDs, and provisions of this IASISO as they relate to such TDs remain in effect until fulfilled or otherwise terminated in accordance with their terms.
- c. Client may terminate a Cloud Service on one month's notice: (i) at the written recommendation of a government or regulatory agency following a change in either applicable law or the Cloud Services; (ii) if IBM's modification to the computing environment used to provide the Cloud Service causes Client to be noncompliant with applicable laws; or (iii) if IBM notifies Client of a modification that has a material adverse effect on Client's use of the Cloud Service, provided that IBM will have 90 days to work with Client to minimize such effect. In the event of such termination, IBM shall refund a portion of any prepaid amounts for the applicable Cloud Service for the period after the date of termination. If the Agreement is terminated for any other reason, Client shall pay to IBM, on the date of termination, the total amounts due per the Agreement. Upon termination, IBM may assist Client in transitioning Client's Content to an alternative technology for an additional charge and under separately agreed terms.

## 8. Governing Laws and Geographic Scope

- a. Each party is responsible for complying with: i) laws and regulations applicable to its business and Content; and ii) import, export and economic sanction laws and regulations, including defense trade control regime of any jurisdiction, including the International Traffic in Arms Regulations and those of the United States that prohibit or restrict the export, re-export, or transfer of products, technology, services or data, directly or indirectly, to or for certain countries, end uses or end users. Client is responsible for its use of IBM and non-IBM products and services.
- b. Both parties agree to the application of the laws of the country of Client's business address to the Agreement, without regard to conflict of law principles. The rights and obligations of each party are valid only in the country of Client's business address. If Client or any user exports or imports Content or use of any portion of the Cloud Service outside the country of Client's business address, IBM will not serve as the exporter or importer. If any provision of the Agreement is invalid or unenforceable, the remaining provisions remain in full force and effect. Nothing in the Agreement affects statutory rights of consumers that cannot be waived or limited by contract. The United Nations Convention on Contracts for the International Sale of Goods does not apply to transactions under the Agreement.

## 9. General

- a. IBM is an independent contractor, not Client's agent, joint venturer, partner, or fiduciary, and does not undertake to perform any of Client's regulatory obligations, or assume any responsibility for Client's business or operations. Each party is responsible for determining the assignment of its personnel, and all contractors and subprocessors, and for their direction, control, and compensation.
- b. IBM maintains a robust set of business conduct and related guidelines covering conflicts of interest, market abuse, anti-bribery & corruption, and fraud. IBM and its personnel comply with such policies and require contractors and subprocessors to have similar policies.
- c. IBM and its affiliates, and their contractors and subprocessors, may, wherever they do business, store and otherwise process business contact information (BCI) of Client, its personnel and authorized users, for example, name, business telephone, address, email, and user ID for business dealings with them. Where notice to or consent by the individuals is required for such processing, Client will notify and obtain such consent.
- d. Account Data is information, other than Content and BCI, that Client provides to IBM to enable Client's use of a Cloud Service or that IBM collects using tracking technologies, such as cookies and web beacons, regarding Client's use of a Cloud Service. IBM and its affiliates, its contractors and subprocessors may use Account Data for example to enable product features, administer use, personalize experience, and otherwise support or improve use of the Cloud Service. The IBM Online Privacy Statement at <https://www.ibm.com/privacy/details/us/en/> provides additional details.
- e. IBM Business Partners who use or make available IBM Cloud Services are independent from IBM and unilaterally determine their prices and terms. IBM is not responsible for their actions, omissions, statements, or offerings.
- f. Neither party may assign the Agreement, in whole or in part, without the prior written consent of the other. Assignment of IBM rights to receive payments or assignment by IBM in conjunction with the sale of the portion of IBM's business that includes a service is not restricted.
- g. This IASISO applies to IBM and Client and their respective Enterprise companies who avail themselves of the IASISO. The parties shall coordinate the activities of Enterprise companies under the Agreement. Enterprise companies include (i) companies within the same country that Client or IBM control (by owning greater than 50% of the voting shares), and (ii) any other entity that controls, is controlled by or is under common control with Client or IBM and has signed a participation agreement.

- h. All notices under the Agreement must be in writing and sent to the business address specified for the Agreement, unless a party designates in writing a different address. The parties consent to the use of electronic means and facsimile transmissions for communications as a signed writing. Any reproduction of the Agreement made by reliable means is considered an original. The Agreement supersedes any course of dealing, discussions or representations between the parties.
- i. No right or cause of action for any third party is created by the Agreement or any transaction under it. Neither party will bring a legal action arising out of or related to the Agreement more than two years after the cause of action arose. Neither party is responsible for failure to fulfill its non-monetary obligations due to causes beyond its control. Each party will allow the other reasonable opportunity to comply before it claims the other has not met its obligations. Where approval, acceptance, consent, access, cooperation or similar action by either party is required, such action will not be unreasonably delayed or withheld.
- j. IBM may use personnel and resources in locations worldwide, including third party contractors and subprocessors to support the delivery of the Cloud Services. IBM may transfer Content, including personally identifiable information, across country borders. A list of countries where Content may be processed for a Cloud Service is available at <http://www.ibm.com/cloud/datacenters> or as described in the Attachment or TD. IBM is responsible for the obligations under the Agreement even if IBM uses a third party contractor or subprocessors unless otherwise set forth in a TD. IBM will require subprocessors with access to Content to maintain technical and organizational security measures that will enable IBM to meet its obligations for a Cloud Service. A current list of subprocessors and their roles will be provided upon request.
- k. IBM may offer additional customization, configuration or other services to support Cloud Services, as detailed in a TD.

## Part 2 – Country Specific Terms

The following country specific terms modify the terms set forth in Part 1 only for the specific identified country.

### **AMERICAS**

**Section 9 General**

*Add to General section as a new paragraph effective up until the effective date of the European General Data Protection Regulation (EU/2016/679) (GDPR):*

**For EU Member States, Iceland, Liechtenstein, Norway, Switzerland, and Turkey:**

If Client includes, or authorizes others to include, personal data in the Content, Client represents that it is either the data controller or that it has, prior to agreeing to this Agreement or extending the benefit of the Cloud Services to any other data controller, been instructed by or obtained the consent of the relevant data controllers to enter into this Agreement. Client appoints IBM as a data processor to process such personal data. Client will not use the IBM Product in conjunction with personal data to the extent that doing so would violate applicable data protection laws.

IBM shall reasonably cooperate with Client in its fulfillment of any legal requirement, including providing Client with access to personal data. Client agrees that IBM may transfer Client's personal data across a country border, including outside the European Economic Area (EEA). If the Cloud Service is included in IBM's Privacy Shield certification listed at [http://www.ibm.com/privacy/details/us/en/privacy\\_shield.html](http://www.ibm.com/privacy/details/us/en/privacy_shield.html) and Client chooses to have the Cloud Service hosted in a data center located in the United States, Client may rely on such certification for the transfer of personal data outside the EEA. Alternatively, the parties or their relevant affiliates may enter into separate standard unmodified EU Model Clause agreements in their corresponding roles pursuant to EC Decision 2010/87/EU (as amended or replaced, from time to time) with optional clauses removed. If IBM makes a change to the way it processes or secures personal data as part of the Cloud Services and such change causes Client to be noncompliant with data protection laws, Client may terminate the affected Cloud Services by providing written notice to IBM within 30 days of IBM's notification of the change to Client.
