

IBM Terms of Use – SaaS Specific Offering Terms

IBM Strategic Supply Management On Cloud

The Terms of Use (“ToU”) are composed of this IBM Terms of Use - SaaS Specific Offering Terms (“SaaS Specific Offering Terms”) and a document entitled IBM Terms of Use - General Terms (“General Terms”) available at the following URL: www.ibm.com/software/sla/slabd.nsf/sla/tou-gen-terms/.

The ToU is in addition to the IBM International Passport Advantage Agreement, the IBM International Passport Advantage Express Agreement, or the IBM International Agreement for Selected IBM SaaS Offerings, as applicable (“Agreement”) and together with the ToU make the complete agreement. Should a conflict arise between the General Terms and these SaaS Specific Offering Terms, these SaaS Specific Offering Terms will prevail over the General Terms.

Customer may use the IBM SaaS only if Customer first accepts the Terms of Use. By ordering, accessing or using the IBM SaaS Customer agrees to the ToU. By clicking an “Accept” button after being presented with these SaaS Specific Offering Terms, you are also accepting the General Terms.

IF YOU ARE ACCEPTING THE ToU ON BEHALF OF CUSTOMER, YOU REPRESENT AND WARRANT THAT YOU HAVE FULL AUTHORITY TO BIND CUSTOMER TO THE ToU. IF YOU DO NOT AGREE WITH THE ToU OR DO NOT HAVE FULL AUTHORITY TO BIND CUSTOMER TO THE ToU THEN DO NOT IN ANY MANNER USE OR PARTICIPATE IN ANY OF THE FUNCTIONALITY OFFERED AS PART OF THE IBM SAAS.

Part 1 – IBM Terms

1. IBM SaaS

The following IBM SaaS offerings are covered by these SaaS Specific Offering Terms:

- IBM Emptoris Strategic Supply Management Enterprise on Cloud
- IBM Emptoris Strategic Supply Management Enterprise on Cloud Read Only

2. Charge Metrics

The IBM SaaS is sold under the following charge metrics:

- a. Authorized User is a unit of measure by which the IBM SaaS may be obtained. An Authorized User is a unique person who is given access to IBM SaaS. Customer must obtain separate, dedicated entitlements for each Authorized User accessing the IBM SaaS offering in any manner directly or indirectly (for example: via a multiplexing program, device, or application server) through any means during the measurement period specified in Customer's Proof of Entitlement (PoE) or Transaction Document. An entitlement for an Authorized User is unique to that Authorized User and may not be shared, nor may it be reassigned other than for the permanent transfer of the Authorized User entitlement to another person.

3. Charges and Billing

3.1 Billing Options

The amount payable for the IBM SaaS is specified in a Transaction Document. The billing options for the IBM SaaS subscription fee are as follows:

- a. Entire commitment amount upfront
- b. Monthly (in arrears)
- c. Quarterly (upfront)
- d. Annually (upfront)

The selected billing option will be valid for the length of the term specified in a PoE or a Transaction Document. The amount payable per billing cycle will be based on the annual subscription fee and number of billing cycles in a year.

3.2 Partial Month Charges

The Partial Month charge is a pro-rated daily rate that will be charged to Customer. The Partial Month Charges are calculated based on the remaining days of the partial month starting on the date Customer is notified by IBM that their access to the IBM SaaS offering is available.

4. Account Creation and Access

When IBM SaaS Users register for an account (“Account”), IBM may provide the IBM SaaS User with an Account identification and password. Customer is responsible for ensuring that each IBM SaaS User manages and keeps their Account information current. Customer is responsible for ensuring that each IBM SaaS User protects their Account identification and password and controls who may access an IBM SaaS User Account or use any IBM SaaS on Customer’s behalf.

5. Renewal of a Subscription Period

5.1 Automatic Renewal of a Subscription Period

If Customer’s PoE designates the subscription renewal as automatic, Customer may renew Customer’s expiring IBM SaaS Subscription Period by written authorization to renew (e.g., order form, order letter, purchase order), prior to the expiration date, in accordance with the terms of the Agreement.

IF IBM DOES NOT RECEIVE SUCH AUTHORIZATION BY THE EXPIRATION DATE, THE EXPIRING IBM SaaS SUBSCRIPTION PERIOD IS AUTOMATICALLY RENEWED FOR EITHER A ONE YEAR TERM OR THE SAME DURATION AS THE ORIGINAL TERM UNLESS, PRIOR TO THE EXPIRATION DATE, IBM RECEIVES, EITHER DIRECTLY FROM CUSTOMER OR THROUGH CUSTOMER’S RESELLER, AS APPLICABLE, CUSTOMER’S WRITTEN NOTIFICATION THAT CUSTOMER DOES NOT WANT TO RENEW. OTHERWISE, CUSTOMER AGREES TO PAY SUCH RENEWAL CHARGES.

5.2 Continuous Billing

If Customer’s PoE designates the subscription renewal as billing will continue following the end of the Subscription Period, Customer will continue to have access to the IBM SaaS and will be billed for usage of the IBM SaaS on a continuous billing basis. To discontinue use of the IBM SaaS and stop the continuous billing process, Customer must provide IBM with ninety (90) days written notice requesting cancellation of their IBM SaaS. Upon cancellation of Customer’s access to the IBM SaaS, Customer will be billed for any outstanding access charges through the month in which the cancellation took effect.

5.3 Customer Renewal Required

If Customer’s PoE designates the subscription renewal as one that terminates, the IBM SaaS offering will not renew at the end of the initial Subscription Period. In order to continue use of the IBM SaaS beyond the initial Subscription Period, Customer must obtain a new subscription for the IBM SaaS. Please contact an IBM sales representative or Customer’s reseller, as applicable, to obtain a new IBM SaaS subscription.

6. Technical Support

Technical support is provided for the IBM SaaS offering during the Subscription Period. Such technical support is included with the IBM SaaS and is not available as a separate offering.

Technical Support information can be found at the following URL:

<http://www-01.ibm.com/software/procurement-solutions/emptoris/support/>.

Appendix A

IBM Emptoris Strategic Supply Management on Cloud provides Customer the ability to access eligible IBM SaaS offerings for which Customer has an active entitlement. An Authorized User entitlement for IBM Emptoris Strategic Supply Management on Cloud may be used instead of the required Authorized User entitlement for the individual IBM SaaS offering.

The Terms of Use for each individual IBM SaaS offering provides the specifications and any restricted use terms for the applicable IBM SaaS offering the Emptoris Strategic Supply Management on Cloud Authorized User accesses.
